

# JOIN ME ON THE MANDATORY INGREDIENTS TO CREATE A PERFECT HAPPY STORY

**Any similarity  
with reality is  
pure causality**

# CREATE

## STEP 1

### THE CHARACTER

```
# Visualize is a key aspect of reaching out to your dreams :)
openai.Image.create(
    prompt="A mom dressed in pink, jumping out from a flying helicopter, with a smile on her face before opening the parachute"
    n=2,
    size="1024x1024"
)

from PIL import Image
image1 = Image.open(r"C:\Users\j_hor\OneDrive\Documentos\Coderhouse\Data Science\Raw\3.png")
image2 = Image.open(r"C:\Users\j_hor\OneDrive\Documentos\Coderhouse\Data Science\Raw\4.png")
print(image1.show())
print(image2.show())
```

# OUTPUT

# GIVE AVOICE

STEP 2

```
# Let's get a statement to a happy coming-soon moment. audio_file was taken from a whatsapp chat with the main character :D
os.chdir("C:/Users/j_hor/OneDrive/Documentos/Coderhouse/Data Science/Data/Raw")
audio_file = open("PTT-20230414-WA0005.mp3", "rb")
transcript = openai.Audio.transcribe(model="whisper-1", file=audio_file, response_format="text", temperature=0.2, language="transcript")
```

'está fantástico. Ahora voy a grabar un videíto y después a la noche lo subo al grupo. No se puede creer esto.\n'

STEP 3

# SPEAK

## A GLOBAL LANGUAGE

```
# Just securing everyone can appreciate it ;)
audio_file = open("PTT-20230414-WA0005.mp3", "rb")
translate = openai.Audio.translate(model="whisper-1", file=audio_file, response_format="text", temperature=0.2)
translate

"It's fantastic. Now I'm going to record a video and then at night I upload it to the group. You can't believe this.\n"
```

# SHARE

## STEP 4 THE EXPERIENCE

```
# We don't have to write lines anymore, right?  
completion = openai.ChatCompletion.create(  
    model="gpt-3.5-turbo",  
    messages=[  
        {"role": "system", "content": "You are a helpful assistant."},  
        {"role": "user", "content": "Write an inspirational linkedin post of a woman who just accomplished skydiving, which was t"},  
    ],  
    temperature=0.2,  
    max_tokens=60,  
    frequency_penalty=1  
)  
  
print(completion['choices'][0]['message']['content'])
```

💡 Accomplishing My Dream: Skydiving! 🎉

I am thrilled to share with all of you that I have just accomplished one of the most exhilarating experiences of my life - skydiving! It has always been a dream of mine, and today, I can
